Levi Vandenheede

Multimedia Musician | Content Creator | Journalist

PROFILE

A true child of the internet, passionate about music and everything hip-hop. Deeply driven by content creation and always curious about how the music and media industry works. Active as a musician, journalist, and content maker. Constantly seeking opportunities to create, connect and communicate. Not a fan of the classic 9-to-5 life — but very much a fan of ideas, spontaneity, and collaboration.
